

CHAMFER CUTTERS

- ✓ easy to use
- ✓ durable
- ✓ safe
- ✓ accurate

Looking for an easy, economical, and accurate way to cut chamfer? Look no further, these chamfer cutters are just what any tradesman needs. No need to carry around a saw, when these handy light weight cutters will fit in any bag. They are manufactured for Loveday Lumber from the highest quality stainless steel. The backstop and markings on the anvil assure accurate angle cuts. Both the blade and the anvil can be replaced so you don't have to buy a new tool.
